## Our Specialization

### Inside the box

**(Tissue Paper)**

emphasize the importance of cleanliness, hygiene, and personal care when it comes to the genital area before and after engaging in sexual activities.

**(Disposal Bags)**

These pouches are designed to provide a hygienic and discreet way to dispose of used condoms.

**(Wrapper)**

**M+20** is giving superior quality condoms with extra lubricated flavored condoms.

## Production of **X-CORE** Condom

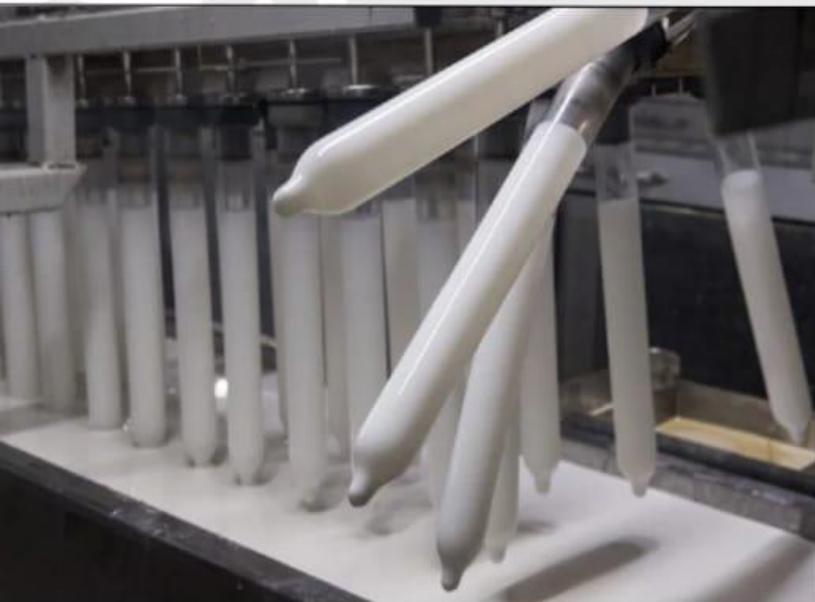

**M-20 condoms** are meticulously crafted to offer a premium quality experience.

Our production process adheres to international standards, including ISO 4074 certification and CE marking, ensuring compliance with rigorous health and safety regulations.

Approved by the FDA, these condoms undergo thorough electronic testing for strength and integrity.

Made from natural latex and coated with non-toxic lubricants, they provide a comfortable and reliable barrier. With a triple reservoir tip, our condoms offer enhanced protection.

**M-20** is a trusted brand with independent testing and a commitment to sustainability. Choose from a variety of sizes for a perfect fit.

- CE MARK
- GMP CERTIFIED
- WHO APPROVED
- ISO 9001:2015
- ISO 13485:2016

## Through Healthier Alternates

### 5X 5X TESTED TESTED

" **M-20** condoms are certified by ISO, making it the gold standard in safety and quality so you can have an **M-20** time without worry"

### QC CHECK

"Condoms that are safe to use carry an ISO mark. This kite mark means that the manufacturer's quality and production standards are tested regularly and are safe to use."

### DISCREET DELIVERY

"We deliver all our products without any branding. Furthermore, there will be no content description on the outside of the parcel, only the carrier label will be displayed. As a result, no one besides you will know the nature of the contents inside."

### NO LATEX SMELL

" **M-20** condoms are certified by ISO, making it the gold standard in safety and quality so you can have an **M-20** time without worry"

### NO TOXIC INGREDIENTS

" **M-20** condoms are Epically safe because they are free of nitrosamine-an ingredient that is known to be carcinogenic in nature."

### CRUELTY FREE

"The making of **M-20** condoms does not involve any animal testing. Cheers to guilt free love making!"
